Parks and Beaches Commission

There are two very serious imminent threats to critical federal agencies waged by the current administration. The National Oceanic Atmospheric Administration (NOAA), the lead federal agency for managing our coasts and ocean and monitoring weather and climate. Over 800 NOAA employees have already been fired. Our coasts and ocean need more support than ever, not less. It is time to confront our representatives in Congress and urge them to support and defend NOAA so it can continue to do its critical work. Similarly the administration has targeted the Environmental Protection Agency (EPA) with a significant loss of staff and subsequent budget cuts crippling the EPA's ability to enforce the Clean Water Act and other crucial environmental regulations.

Respectfully submitted

Atlantic Beach Cats Report January and February 2025

A resident borrowed traps from us and caught two cats on his property. In the West End, two more cats were trapped at another resident's house. All cats have been neutered.

A very disgusting situation occurred at our Genessee site two weeks ago where a huge pile of human feces was found. Whoever did that used the cats water bowl and covered it up. The Atlantic Beach Cats mission is to reduce the feral cat population in a humane way. This incident does not make our job easy.

Please don't wait to tell us if you see a roaming cat whose ear is not tipped. These cats need to be neutered to prevent litters. If you let your own cat out of your house, please neuter it beforehand so it doesn't create havoc. Our volunteers aren't getting younger. The cat population is getting smaller. Let's neuter any cats you see. We need to continue to reduce the population by not creating kittens.

The Village Garden Report

Monday, March 10th, 2025

Respectfully Submitted- Suzy Schneider

Seed-starting for the Garden and our annual plant sale is underway. As I've mentioned, we grow all the crops we plant in the Garden from seed. Plus, we grow hundreds more vegetables, herbs, and flowering plants that we make available for sale to the community. It's our biggest fundraiser of the season, and your support is most welcome.

This year, we're hosting it on the Friday and Saturday preceding Mother's Day— May 9th and May 10th. We'll announce the hours at April's meeting and send community-wide announcements as the sale approaches.

Besides seed-starting under grow lights, we'll wake up our garden beds for the Spring Season in the next couple of weeks. It's a lot of work - but very rewarding as the Garden comes to life. New volunteers are always welcome, and no experience is necessary.

The Garden remains dedicated to building awareness of the benefits of organic gardening and the importance of native plants in our home landscapes and community. To this end, we are putting together a calendar of free presentations on various organic gardening and environmental topics.

Our Children's Ladybug release is scheduled for Wednesday, June 18th in the early evening.

We're also discussing with a board member of the Long Beach Arts League and the Shore Poets to develop an evening of garden-themed poetry readings and, when the Garden is in full bloom, a sketching event.

Volunteers can come up to me after the meeting- or go to the Garden on the Village Website and scroll down to the submenu tab: Volunteer. Remember, no experience is necessary, and donations are always welcome.
